The author traveled to 11 states and 3 Candian Providences visting collectors homes, newspaper archives, museums and other sources and has taken over 10,000 pictures in preparing the historical stories for these books. The set of books arranges for the individual and company lures makers to appear in alphabetical order. Each book has over 400 pages of text, pictures and collector values with each book containing a table of contents and index as well as a master index for the complete set of books.
