A Treatise on Statistical Paradoxes Stuation that seems to Contravene Intuition

By Ratna Raj Laxmi , Chetan Verma

2015. Hardcover. Book Condition: New. 217 About the book :- Although there are large number of books available covering various aspects of paradoxes but there is no comprehensive book dealing with the various Statistics and Statistical Decision Theory paradoxes for the persons appurtenant with Statistics and/or Mathematics. It is different from other books in the sense that not only it provided the proof of results but also supply contradiction to the situation with where it is applicable. This book is of much importance for the persons who are using statistical techniques in different share of world, to conceptualize the result application and then infer about event or situation. By studying the examples present in this book which shows the beauty and absorbing nature of statistical paradoxes. During the course of writing, it has been specially borne in mind to retain all the basic concepts of Statistics especially the notation, lucidity of style and approach which have been appreciated by the readers throughout the world. About the author:- CHETAN VERMA is a young research scholar in Department of Statistics, M.D. University, Rohtak.
