Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from The Vocalism of Romanic Words in Chaucer The present work was originally planned to comprise the whole of Chaucer s phonology. After the publication of F. Wild s excellent book on Chaucer s language a good deal of my preparatory researches proved unnecessary. Dealing almost exclusively with the poet s native word-treasure, Wild s work, however, calls for a complementary study, as far as the Romanic part is concerned. So I decided to make an attempt at a more detailed and systematic investigation into this part of Chaucer s vocabulary. Since, after tenBrink and Wild, there was little more to be said about the consonants, I confined my study to the vocalism. In arranging my material I found it more practical and from a Modem English point of view more profitable, to devote a separate part of the work to such questions as had a bearing upon the subject as a whole. Thus, for instance, it was more convenient to deal with combinatory sound-changes once for all than to take up the same question for each vowel separately. Occasionally, the problems dealt with led to a discussion of some questions of principle that had an intimate bearing upon Chaucer s language or on ME in general. Of course comparisons with ModE were often inevitable. For the study of the Canterbury Tales, which have afforded the material for the larger part of these researches, I have used the Ellesmere MS, with continual attention, however, also to the other MSS of the Six-Text Edition. The other works have been studied chiefly in Skeat s edition. Following Skeat, I have consistently printed v where the MSS have u...
