Procopios says that the Goths came from beyond the Danube; Ammianus tells how they were driven westward by the pressure of Alans and Huns, and how their first Empire was broken up; while jordanes (drawing often from native sources), sketches the fortunes of the Goths down to the foundation of their dominion by Giferic, who plays Philip to his successor's Alexander. jordanes then gives a catalogus of the nations under Ermanaric's sway. It is easy on such maps as those in Reclus Geography (a book which one never reads without admiration and gratitude) to trace the steps of their journey. They must have come along the route that crosses the neck between the Black and Baltic seas, while Eygota-land (Isle of Gothland), and East and West Gotland mark their northern starting-point. The...
