MATHEMATICAL MODELLING

New Age International (P) Limited, 2015. Softcover. Book Condition: New. 2nd edition. Each chapter of the book deals with mathematical modelling through one or more specified techniques. Thus there are chapters on mathematical modelling through algebra, geometry, trigonometry and calculus, through ordinary differential equations of first and second order, through systems of differential equations, through difference equations, through partial differential equations, through functional equations and integral equations, through delay-differential, differential-difference and integro-differential equations, through calculus of variations and dynamic programming,...

Reviews

An exceptional book as well as the font applied was fascinating to learn. It is loaded with knowledge and wisdom I am just easily can get a pleasure of studying a created book.

-- Dr. Benjamin Lakin

This is basically the finest pdf i have got study right up until now. I could possibly comprehended almost everything out of this published e book. I am just happy to explain how here is the finest pdf i have got go through in my very own daily life and might be he finest publication for actually.

-- Emilie Pollich

Excellent eBook and valuable one. We have read and i am certain that i will going to go through once more yet again later on. You will like how the blogger publish this ebook.
