## MICHAEL LANDY: SEMI-DETACHED

Tate. 1 Paperback(s), 2004. soft. Book Condition: New. Associated with the Young British Artists group, Michael Landy is best known for his 2001 performance art piece Break Down, during which he created a meticulous inventory of his possessions before systematically destroying them in the window of an empty London department store. In 33 color and black and white photographs, this exhibition catalogue documents Landy's ambitious follow-up installation Semi-detached for which the artist made a life-sized replica of his family home as a homage to his father, a tunnel miner whose career was ended by an injury. In their essays, Judith Nesbitt and John Slyce discuss the making of this extraordinary opus and its relationship to Landy's other works. 79.
